Internet Connectivity

The Jeffco Schools Foundation is supporting up to 300 students and families in securing in-home internet. This is for qualifying individuals who meet the income and other requirements for Internet Essentials service through Comcast. Families signing up before June 30, 2020, receive two free months of internet and an additional four months of internet through the Jeffco Schools Foundation – as approved by the Jeffco Schools Foundation and only as long as resources last.

Step 1. Families must apply for the Comcast Internet Essentials program online at <https://apply.internetessentials.com/> (in Spanish: <https://apply.internetessentials.com/es/>) or by calling 1-855-846-8376.

Step 2. Once the family is approved for the Internet Essential program, the family will need to complete this [sponsorship request form](#) and provide the required information. Jeffco Schools Foundation will reach out to confirm the level of support available at that time.
